BREAKING THE SILENCE

Logo Design By: Bri Sienk

Student Campaign Against Rape

Meetings: Mondays @ 5
In The Women's Center Oasis

Did You Know?

- More than 80% of rape victims know their attackers—friend, date, neighbor, co-worker, lover, or ex-lover?
- Sex is the sexual expression of aggression, NOT the aggressive expression of sexuality?
- The chances of being a victim of sexual assault in your lifetime are 1 in 4 for females and 1 in 6 for males?

Why Join SCAR?

- We offer meetings every Monday, Educational/Active Meetings and Confidential Support Groups (Support Groups alternate every other week).
- We are trying to promote a safer environment both on and off campus.
- Raising awareness is important to us because rape and sexual assault doesn't only affect the victim, but those who care about them as well.
- Many people don't know where to turn and we want to help individuals by giving them options and the knowledge they need.
- We want you to join us and take action against rape and sexual assault.
